

The trusted solution for student conduct, Title IX, and behavioral intervention management.

ADVOCATE

FOR STAFF

Quickly react to complaints and identify behavioral threats before an incident occurs. Collect critical data to share with key decision-makers and ensure that everyone has the information needed to make the right decision. Avoid liability issues by ensuring compliance with DOE and OCR.

FOR STUDENTS

Your students deserve a safe campus and a simple, user-friendly way to report any issue they fear may threaten their ability to thrive. Advocate's capabilities lessen some of the stress students might already be facing after an incident and enable them to easily voice and manage their concerns.

WHAT CLIENTS ARE SAYING

“We saw the time it took to process reports and resolve conflicts cut by more than half. Administrative tasks and data entry were cut to a fraction of what they were.”
