

WHAT STUDENTS ARE SAYING

“You can do background research right before you walk up to the company. I think that is really useful.”

*Freshman

FOR STUDENTS

We care about the student experience. With Careers by Symplicity, students can take their job search on-the-go with our mobile responsive web or native mobile app. Students can find and apply for recommended opportunities, schedule interviews, manage career fairs, rate employers, and more—all from their phones or tablets.

It all started with our passion to find a better way to connect job seekers to employers

FOR EMPLOYERS

Recruiters can connect with students and manage on-campus recruiting events easier than ever before. CSM gives recruiters smart tools to easily organize and evaluate candidate information in real-time so they can hire smarter and faster.

Built from the ground up by career services pros, CSM was made for you, with just the right amount of customization so you can tailor the system to your office's unique needs. Efficiently manage all aspects of career services, including job postings, on-campus recruiting, post-graduation metrics, and more.
