**RESIDENCE**

# Effortlessly manage and consolidate all campus housing processes.

### FOR STAFF

Collect and share key data with other departments, create tailored request forms for special accommodations, track room condition and more – all without having to switch between tools. Residence integrates with other Symplicity software platforms (such as Advocate), common student information systems, and popular merchant services vendors like PayPal.

### WHAT CLIENTS ARE SAYING

*"The hours that professional staff spent inputting data and creating reports decreased more than 300%."*
*Seton Hill University*

### FOR STUDENTS

Residence provides the level of technology today's students expect – including a clean, user-friendly student interface, quick and easy ways to submit housing requests, and a built-in social network for discovering a compatible roommate. Students are able to make the best possible room selection with features like customizable search filters and the ability to view photos of their room options.

## *UNPARALLELED* CUSTOMER SERVICE

We hire our product support staff directly from the higher education field to ensure that they're experts at answering the exact questions you'll have.

**FEATURES**

*Placement Management*

*Smart Assignment Engine*

*Reporting*

*Room Conditions*

*Roommate Networking*

*Applications*

Residence uses a sophisticated algorithm to ensure successful roommate matching.

Residence is the powerhouse for all data and resources related to student housing. Over 6,000 residential life staff members use Residence to complete their daily tasks and consolidate all housing information into one place.

WHAT OUR CLIENTS ARE SAYING

"The students know it is a one-stop shop, so to speak. The functionality has allowed for students to receive better service from our office."

*Mount Ida College*

**UNMATCHED SECURITY**

We don't just "comply" with security standards. We're the only service provider in our space who has achieved a level of security, accountability and process maturity to achieve ISO-9001, SSAE-16, and CMMI Level 3 and ISO 27001 certifications.
